

Schertz Pet Manor

Bordetella (kennel cough)

Schertz Pet Manor follows the American Boarding Kennels Association recommendation requiring the *Bordetella* (kennel cough) vaccination semi-annually; every six months regardless of expiration date. Please keep in mind that even though your pet has been vaccinated against kennel cough, *Bordetella* only covers a few strains of the virus. It is intended to help prevent and if contracted lessen the symptoms of kennel cough. *Schertz Pet Manor* takes every measure to help ensure our guests stay healthy with daily sanitizing of all equipment, play and sleep areas.

*I understand that although my dog is received the Bordetella vaccine, it is not a guarantee that my dog will not contract some form of the virus and will not hold *Schertz Pet Manor* responsible for any veterinary expenses.*
